

Public Sense of Place Programs with Erica Wheeler |2015

Do you love a site or region and want others to appreciate, share and celebrate how special it is? These programs can help!

Formats: These programs can plug into your on-going events calendar, or be created as a stand-alone special event. They can be customized to fit your target age group or group size. They work equally well in a natural or urban setting.

1. Sense of Place Interpretive Concert

A customized narrative that includes songs, stories, readings and reflections to illuminate the layers of nature, history and culture, which make up your area. Can include creation of a “crowd-sourced” song-on-the-spot about your place. *For all ages.*

- One hour concert
- Customized sense-of-place narrative
- Song-on-the-spot (by request)
- Links between stewardship and the creative arts

2. Sense of Place Creative Workshop

Five part structured creative process to help participants discover and express their connection to your place. Explore how to interweave factual information with personal experience to create one’s personal sense-of-place. *For all levels of experience.*

- 60 minute/ 90 minute/ half-day formats available
- Learn a powerful creative process to generate fresh ideas, stories and more.
- Create community through sharing of stories
- Inspire stewardship by articulating what matters and why

3. Sense of Place Festival

Concert + Workshop + Guided Walk

- All of the above, plus Erica will offer unique in-the-field integrative experience.
